

MANAWADUGE OSHAN

Cybersecurity Operator | SOC Analyst
ICT & Network Infrastructure Professional

PROFESSIONAL PROFILE

Results-driven Cybersecurity, ICT, and Telecommunications professional with over six years of experience across Security Operations Centre (SOC) operations, cybersecurity, network infrastructure, telecommunications, IT support, and enterprise technology environments. Experienced in SIEM monitoring, threat detection, incident response, digital forensics, network administration, technical troubleshooting, and infrastructure deployment. Hands-on experience with Fortinet, Check Point, NetScout, Windows Server, Linux, and enterprise communication systems, complemented by practical expertise in ICT support and multimedia design. Adept at solving complex technical problems, supporting business operations, and delivering secure, reliable, and innovative technology solutions across multiple industries.

TECHNICAL SKILLS

Cybersecurity

Security Operations Centre (SOC), SIEM Monitoring, Threat Detection & Hunting, Incident Response, Security Event Correlation, Digital Forensics, Endpoint Security, Security Auditing, Security Log Analysis, Data Leak Investigation & Website Security Monitoring

Network & Infrastructure

Network Administration, TCP/IP Networking, Network Troubleshooting, Fiber Optic Networks, FTTH Technologies, MSAN Operations, Broadband Technologies, Wi-Fi Deployment, PABX Systems & Telecommunication Infrastructure

Security Technologies

Fortinet, Check Point, NetScout, Firewalls, Web Application Firewall (WAF) & Gateway Security

Operating Systems

Windows Server, Windows 10/11, Ubuntu Linux & Linux/Unix Command Line

Programming & Technologies

Python, HTML, Cloud Computing Fundamentals, Artificial Intelligence (AI) Fundamentals, IT Service Management (ITSM), Ticketing Systems & Technical Documentation

Creative Design & Multimedia

Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe After Effects, Graphic Design, Digital Illustration, Vector Design, Branding & Visual Identity, Video Editing & Motion Graphics, UI/UX Design Fundamentals, Photo Editing & Retouching, Typography & Layout Design, Social Media Content Creation

PERSONAL DETAILS

- Date of Birth:** 29.07.1997
- Nationality:** Sri Lankan

CORE COMPETENCIES

- Security Operations Centre (SOC) Operations
- Cybersecurity Monitoring & Incident Response
- Threat Detection & Digital Forensics
- Network Infrastructure & Telecommunications
- ICT Support & System Administration
- Technical Troubleshooting & Help Desk Support
- Enterprise Network Security
- Graphic Design & Multimedia Production
- Cloud Technologies & AI Fundamentals
- Project Documentation & Technical Reporting

CERTIFICATIONS

Introduction to Cybersecurity

Cisco Networking Academy (Online)
Successfully Completed

Cisco Networking Academy Digital Badge

ACHIEVEMENTS

Service Appreciation Certificate Defence Sector Cybersecurity

- Awarded a Service Appreciation Certificate in recognition of valuable contributions to cybersecurity operations within the defence sector.
- Recognized for maintaining high standards of professionalism, information security, and technical excellence while supporting mission-critical cyber initiatives.

PROJECT & TECHNOLOGY EXPOSURE

- Incident Response Investigation
- Malware Analysis
- Phishing Email Investigation
- Website Defacement Analysis
- Threat Hunting Exercise
- Digital Forensics Investigation

PROFESSIONAL STRENGTHS

- Analytical Thinking & Problem Solving
- Cybersecurity Risk Awareness & Incident Handling
- Technical Troubleshooting & Attention to Detail
- Communication, Teamwork & Stakeholder Management
- Adaptability, Time Management & Professional Integrity

PROFESSIONAL EXPERIENCE

Cybersecurity Operator

Defence Sector, Sri Lanka
October 2021 - Present

- Performed Level 3 Security Operations Centre (SOC) monitoring, incident investigation, and cybersecurity event analysis using SIEM platforms.
- Conducted threat detection, threat hunting, digital forensic investigations, and security log analysis to identify and mitigate cyber threats.
- Monitored endpoint, server, firewall, gateway, and Web Application Firewall (WAF) security while investigating network anomalies and data leakage risks.
- Prepared incident reports, security documentation, and remediation recommendations using Fortinet, Check Point, and NetScout technologies.

Technician

Access Engineering PLC, Colombo, Sri Lanka
January 2019 - October 2021

Technician

Prime Engineering Lanka (Pvt) Ltd. Nugegoda, Sri Lanka
June 2018 - December 2018

Duties & Responsibilities

- Installed, configured, tested, and maintained FTTH, broadband, fiber optic, Wi-Fi, PABX, and telecommunications infrastructure.
- Performed fiber optic splicing, cable installation, fault diagnosis, preventive maintenance, and service quality verification.
- Provided technical support and troubleshooting for hardware, software, and network-related issues.
- Assisted with system maintenance, upgrades, and ICT infrastructure administration.
- Supported end-users by resolving technical issues and service requests.
- Participated in network monitoring, infrastructure implementation, and basic security operations.
- Collaborated with technical teams on ICT deployments, telecommunications projects, and technology implementations.
- Maintained technical documentation while ensuring reliable and secure network performance.

PROFESSIONAL QUALIFICATIONS

Telecommunication Technology

Higher Diploma in Telecommunication Technology

College of Technology, Galle, Sri Lanka
2021 | Successfully Completed

VOLUNTEERING & COMMUNITY INVOLVEMENT

- Volunteer IT Support
- Cybersecurity Awareness Programs
- Active Member of Technology & Cybersecurity Communities

ADDITIONAL INFORMATION

- Knowledge of Cloud Computing Technologies
- Familiar with Artificial Intelligence Concepts
- Experience with IT Service Management Practices
- Willing to work rotating and 24×7 operational shifts
- Available for on-call support
- Willing to travel for project deployments
